MDENet 2nd Annual Symposium December 2022

Welcome!

01 and 02 December, 2022

MDENet: the home of model-driven engineering

A community of MDE experts from academia and industry

Driving Future Research

Training the IT Industry

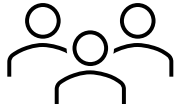

Building the MDE Brand

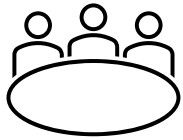

Funded by EPSRC

Open to (and actively looking for) members from other communities and backgrounds!

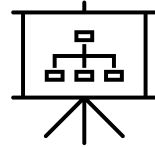

Thank you to our community!

350 members

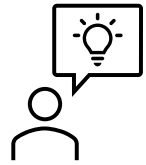

3 working groups
with regular activity

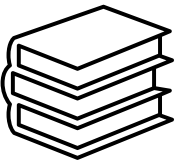

26 research demonstrations
across 13 online workshops

10 online
training sessions

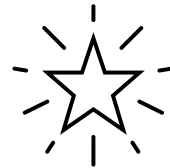

Teaching Modelling /
Modelling Teaching
8 sessions to date

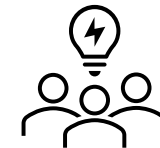

7 learning
resources

7 seedcorn
projects funded

5 success stories
published

3 thematic
workshop

1 Annual
Symposium

The Annual Symposium

- We have an exciting and packed programme:
 - 3 keynote speakers from industry and academia
 - 2 tutorials
 - MBSE session
 - MDE in Finance session
 - 6 seedcorn project talks
 - 5 talks on a broad range of MDE-related topics
- All the details
 - On the MDENet website: mde-network.com/symposium-dec-22

MDENET SYMPOSIUM 2022

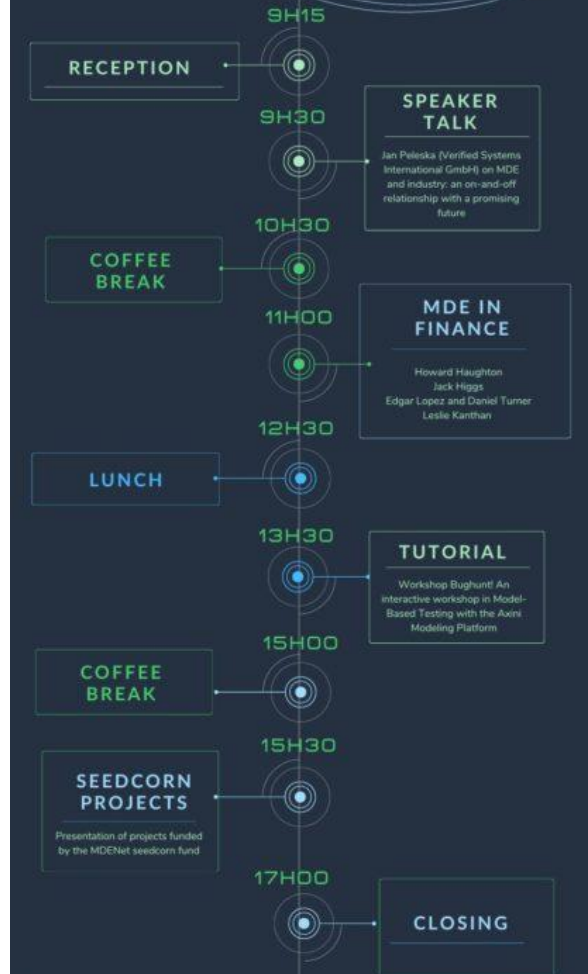

Programme

Rooms

- Main room and overflow room on each day
- Catering in separate room

Please follow the Thomas-es, who will take you to the right rooms

MDENET SYMPOSIUM 2022

Thank you...

Nuno Ferreira da Silva

Thomas Godfrey

Thomas Mead

Keynote: Jean-Marc Jézéquel

**Taming Variability in
Software Engineering:
Past, Present & Future**

Keynote: Machiel van der Bijl

Modeling and Model Based Testing of a complex rail component (ERTMS)

Keynote: Jan Peleska

**MDE and Industry - an
On-and-Off
Relationship With a
Promising Future**
